

Virtual Writing Lab

The Virtual Writing Lab (VWL) is a free resource to all students and faculty. The VWL provides students with assistance on papers, projects, reports, multimodal documents, and other writerly needs. VWL staff supports assignment/writing goals, help with purpose, formatting, and citations. Coaches can also assist students in preparing a PowerPoint presentation. There is also an option to meet with a VWL writing coach via video conference to receive guidance on writing projects. Students can access the VWL by submitting papers and requests. Some courses require that papers be submitted to the VWL for input prior to class submissions. To access the VWL, click on the link [here](#) or send an email to writing.lab@sofia.edu.
