

# MLR2079 : Supplemental Practicum

This course is offered from time to time for students who have completed the practicum sequence but have not yet completed the minimum number of pre-degree, supervised clinical hours required for their licensing track under the laws or regulations of the jurisdiction where they plan to license. The class will focus on the clients the students are currently seeing at their practicum sites, with continued development of skills in case formulation, assessment, diagnosis, treatment planning, and intervention. This course may take a transpersonal, systems, somatic, or expressive arts focus depending on the needs of the students. This course may be repeated multiple times for credit.

**Credits** 1
