

Undergraduate Application Requirements

Bachelor of Arts in Psychology (Completion Program)

The University offers students who have completed an associate degree (or who have completed college credits) the opportunity to complete a bachelor's degree. Students who wish to apply for admission to Sofia's bachelor's completion programs must have successfully attained at least 75 quarter units (50 semester units) of college-level work. Students must have completed no fewer than 40 quarter units (30 semester units) that fulfill General Education requirements. Those with a completed associate degree must have completed the equivalent of the General Education requirements as established by the Intersegmental General Education Transfer Curriculum (IGETC) in the State of California.

Students may transfer a maximum of 132 quarter units (88 semester units) from an accredited university or the equivalent. These units can be earned through a combination of the following:

- Academic work completed at an accredited college or university.
- Credit granted through the College Level Examination Program (CLEP) (Note: Sofia will transfer in a maximum of 45 quarter units or equivalent earned through CLEP).
- Credit granted through the Defense Activity for Nontraditional Education Support (DANTES) Subject Standardized Tests (DSST) lower division. (Note: Sofia will accept the transfer of a maximum of 45 quarter units or equivalent earned through DANTES.)

Upon acceptance applicants will receive assistance from a member of the Registrar Department. Students will subsequently be given the listing of courses needed to complete the bachelor's program via a degree plan. Given that students enter Sofia's bachelor's completion programs with a variety of previous college experiences, degree plans are created to meet each individual circumstance (in relation to degree requirements). Admitted students must complete a minimum of 48 quarter units while enrolled at Sofia to earn a bachelor's degree.
